Environmental Essentials: Texas Air Permitting Round-Up

June 22, 2022

By: [Whit Swift](#)

Bracewell Partner [Whit Swift](#) reviews the recent activity on three separate air permitting topics and how each development could impact members of the regulated community: EPA Orders objecting to Texas Title V permits; the TCEQ Commissioners' evaluation of requests for contested case hearing on preconstruction air permits; and the TCEQ Air Permits Division's movement to address emissions during the shakedown or commissioning period in preconstruction air permits.
