

Anne Lapierre and Simon Cudennec Ranked in Chambers France 2025

Awards & Rankings

February 06, 2025 | 1 minute read | Paris

PARIS – In its inaugural edition, *Chambers France* recognized the projects and energy versatility of **Bracewell LLP's** Paris office with rankings for partners **Anne Lapierre** and **Simon Cudennec**.

Lapierre, who is the managing partner of Bracewell's Paris office, is ranked in the Projects & Energy: Domestic-France category. She focuses on first-of-their-kind, ground-breaking energy projects and serves as a leading voice in renewable energy procurement. Lapierre also concentrates on project development, construction, financing, acquisition and transfer of projects related to both renewable and conventional oil and gas production and infrastructure.

Cudennec, ranked in Projects & Energy: International, focuses his practice on projects within the energy, infrastructure and natural resources sectors in France and French-speaking Africa. He is particularly distinguished for his deep understanding of the legal intricacies and unique challenges inherent in African project development. With over 15 years of experience, he is active in the power, oil and gas, and infrastructure sectors.
