

Bracewell Advises Kinder Morgan Inc. on Pore Space Lease in CCS Project

News Release

April 22, 2024 | 1 minute read

HOUSTON – Bracewell LLP is advising Kinder Morgan Inc. in connection with its pore space lease of 10,800 acres near the Houston Ship Channel with total CO₂ storage capacity in excess of 300 million tonnes from TGS Cedar Port Partners, LP. The lease will give Kinder Morgan a geographically and geologically advantaged platform to develop CO₂ sequestration solutions for nearby sources of emissions as it expands its carbon management and storage business unit.

Kinder Morgan lawyers involved in the transaction included:

Alix Charles, assistant general counsel – energy transition ventures; **Christie Billings**, assistant general counsel; **Eric McCord**, vice president, deputy general counsel and secretary; and **Jessica Toll**, assistant general counsel.

Bracewell lawyers involved in the transaction included:

Partners: **W. James McAnelly**, **Elizabeth L. McGinley** and **Jeffrey R. Holmstead**

Associates: **John L. Stavinoha** and **Nathan C. Guerra**
