

# Green Growth: How is Latin America Leading the Way for Renewables

Event

November 02, 2023 | 1 minute read

---

Nicolai Sarad will speak at the Bonds, Loans & ESG Capital Markets Latin America & Caribbean 2023 event. Nicolai will moderate a panel discussion titled “Green Growth: How is Latin America Leading the Way for Renewables? What Projects in What Markets?” The panel will cover the outlook for renewable energy in Latin America and what financing structures are being favored. Speakers will also discuss the role of green hydrogen in decarbonizing the region and energy storage hurdles.
