Liam Donovan, senior political strategist in Bracewell's Policy Resolution Group, joined FOX News Channel's Dana Perino on her "Perino on Politics" podcast to discuss what issues and voter demographics will decide the 2024 presidential election in November.

Liam and Dana look at both the electoral and Senate maps to examine how competitive races are playing out across the country. They also examine Vice President Kamala Harris' campaign and how former President Donald Trump must unwind some of his old rhetoric or else Republicans might hurt themselves with turnout.
