

The Supreme Court May Issue a Ruling That Could Hurt Biden's Climate Change Plans

Media Mentions

June 22, 2022 | *NPR* | 1 minute read | Washington, DC

Bracewell's **Jeff Holmstead** recently contributed commentary on NPR's "All Things Considered" on the upcoming US Supreme Court hearing, *West Virginia v. the Environmental Protection Agency*, which could limit the Environmental Protection Agency's ability to regulate climate-warming greenhouse gasses.
