Tim Scully focuses his practice on energy and infrastructure matters. He helps advise clients on transactions across the electric power and infrastructure industries, with an emphasis on the purchase and sale and development of conventional and renewable energy projects, including in the negotiation and drafting of build transfer agreements, EPC contracts, operation and maintenance agreements, asset management agreements, equipment procurement and supply agreements, and other project development and energy M&A agreements. His clients include developers, independent power producers, investor-owned utilities and private equity funds.

Prior to joining Bracewell, Tim completed a legal fellowship at the American Wind Energy Association (AWEA) and worked in the office of U.S. Representative Richard E. Neal.
