

Our FCPA practice is far-reaching in scope. We work with clients in virtually every sector of the global economy — including energy, financial and business services, manufacturing and technology — on FCPA-related matters before the US Department of Justice (DOJ), the US Securities and Exchange Commission (SEC) and other federal agencies.

We also represent companies with business operations in high risk regions where the mix of joint ventures, subcontractors and other third parties are common and where export controls are required. Our lawyers have assisted clients with FCPA concerns in countries throughout the world, including China, India, Kuwait, Mexico, Russia, the UAE and Venezuela.
