September 22, 2017

By: [Joshua C. Zive](#) and [Liam P. Donovan](#)

Josh Zive chats with Liam Donovan, DC political commentator and tax consultant, on the Capitol climate, what's on the minds of Congress members, and how those assessments fit in with our earlier predictions for September. Peppared in are college basketball opinions, a tragic lack of Game of Thrones content, and the latest fashion tips from The Hill.
