Over the last 30 years, we have designed Bracewell to be an oil and gas projects law firm. We handle a wide variety of large and small clients involved in the oil and gas value chain, including upstream exploration and development companies; oilfield service businesses; pipeline, storage and terminals companies; refining and chemicals companies; commercial banks, trading houses, investors and private equity investors involved in oil and gas; and investment banks, other intermediaries and strategic advisors to oil and gas companies and investors. Bracewell has developed targeted practices, such as regulatory, environment, tax, intellectual property, and strategic communications, to serve the oil and gas industry. Our industry focus enables us to maintain cutting-edge experience and in-depth knowledge of the commercial, legal and regulatory challenges faced by our clients, so that we can provide the most effective legal solutions to facilitate transactions and resolve disputes.
